To,

The Chief Secretary
to the Dewan of Mysore.

Sir,

In submitting copies of letter No. 527/21 dated the 18th March last from the District Judge of Mysore and subsequent correspondence, proposing an addition to the existing establishment of the Central Record Room at Mysore, I am directed by the Chief Judge to state that in his opinion the work has, as observed by Mr. Cresp, outgrown all proportions and cannot be efficiently grappled with by the present staff without extra aid.

The Chief Judge is of the opinion however, that a permanent addition is not absolutely necessary and that it is

possible

possible, under proper supervision, to bring the work under the control of the regular Establishment before long, and I am directed to ask therefore for the sanction of Government, to entertain 2 Assistant Record keepers, one on 20 Rs and one 15 Rs and a Lascar Band on Rs 8 a month for a period of one year.

Mypore

Dated 17th March 1893

From,

The District Judge,

To,

The Registrar of the

Civil Court of Mypore,

Bangalore.

Sir,

No 527/121

With reference to the correspondence ending with No: 6556/630 dated 22d December 1887, I have the honor to state that the 2 temporary hands sanctioned for the Central Record Room at Mypore, for a period of 2 years, were dispensed with on the expiry of that term. The work of sorting and removing papers from the B file, and separating papers from the records for the purpose of being destroyed, was then attended to as far as possible, but the work that remained unfinished when the temporary hands were dispensed with, together with the later rush of records from the Lower Courts (the number of which has almost trebled since then) has prevented any thing like satisfactory work being done, notwithstanding

notwithstanding all the efforts of the permanent establishment, and the men deputed every now and then from this Court for the purpose of sorting and destroying papers, and it has been found quite impracticable to bring the work up to date. Moreover, in addition to the routine work, there are 115579 records which have to be re-arranged in the shape of very old cases belonging to the late Sudder Munsiffs and Manjairabad Munsiffs Courts, which were never properly arranged, since they were removed from the building formerly occupied by this Court to the one now used; each file consists of a few papers, and at least 2 hands are required patiently to sit to work and carefully rearrange them.

The number of records now in the Central Record Room, amount to more than three and half lakhs, and every one of them has to be handled as often as occasion may require for some purpose or other, either for sending them to other Courts or for adding other papers to, or removing some from them: the adding of papers

such

such as receipts executed by parties on satisfaction of decrees, and the removal of papers such as documents filed with old records to be returned to parties applying for them, entails very great searching and labour, and the present establishment is, I consider, quite unable to meet the demands upon them. The daily receipt of records from the Lower Courts, requisitions for records from other Courts, application of parties for copies, and for return of documents &c^a^ filed with old cases, and many other multifarious duties connected with the Central Record, keep the existing establishment fully employed, and the work of assorting and separating papers from files A and B cannot therefore be got through as rapidly as could be wished. This work thus remains in a backward condition.

A statement showing the number of records in the Room, the number awaiting assortment and destruction &c^a^, is herewith enclosed for the perusal of the Chief Judge.

In order to bring up the heavy arrears, and

and to avoid similar accumulations in future years. 2 additional Record keepers and one Duftery band are specially necessary. I would therefore strongly recommend for sanction the employment of 2 Record keepers on 20/ and 15/ respectively and one Duftery band on 8/ whose services will be chiefly devoted to the assortment and detaching of papers from files A and B, and to rid the room of the needless accumulation of old Records

the receipt of your No. 696/155 (without date) received on the 17th instant, forwarding a statement shewing the work done by the 2 temporary Gumastahs in the Central Record Room during the two years of their temporary employment, and to state that the statement does not show that a proper amount of work has been done by the Temporary Establishment, which must be attributed to want of a proper supervision.

2. I am to request that you will arrange to depute one or two Gumastahs from your own Court and from the Mussiff's Courts subordinate to you, during the Recess, to work in the Central Record Room, to bring up arrears, and report what has been done before the reopening of the Court, when the proposal for additional establishment will be considered.

No. 893/166

Sir,

Referring to your letter No 1702/160 of the 21st ultimo, I have the honor to state that it was not practicable to get the men deputed from the Munsiffs' Courts to work in the Central Record Room earlier than the last week of the vacation: one of them reported himself for duty on the 4th and the other two on the 8th instant, and, with their combined efforts, separated B. file papers in 1381 cases.

The ordinary establishment of the Central Record Room had, as usual, before the recess, been directed to clear off as much

much of the work as possible, and they, with the assistance of the men now and then deputed from this Office, registered and arranged 3100 cases, assorted 3200 other records and separated B. file papers in 1000 cases; it was not possible during the recess to attend to other items of work, which are slowly and imperceptibly increasing, and the early sanction of the Additional establishment applied for, seems highly necessary to place the Central Record in a state of thorough efficiency.
